

Disclaimer: Provisional Water Levels and Flows

Disclaimer for Near Real-Time and historical water level and streamflow information

Please Read Before Proceeding:

Users should use the information on this website with caution and do so at their own risk. The Ottawa River Regulation Planning Board (Planning Board) accepts no liability for the accuracy, availability, suitability, reliability, completeness or timeliness of the data or graphical depictions rendered from the data. The hydrometric data presented on this website is received continuously by telemetric systems from hydrometric gauging stations operated by its member agencies. The data are preliminary and have been transmitted automatically with limited verification and review for quality assurance. Subsequent quality assurance and verification procedures may result in differences between what is currently displayed and what will become the official record of the agencies holding the data.

It is the responsibility of all persons who use this site to independently confirm the accuracy of the data, information, or results obtained through its use.

If you think that your property may be at risk of flooding, please contact your municipality.

The Planning Board does not warrant the quality, accuracy, or completeness of any information, data or product from these web pages. The information is provided 'AS IS' without warranty or condition of any nature. In no event will the Planning Board, its member agencies, or their employees have any obligation to the user for any reason including claims arising from contract or tort, or for loss of revenue or profit, or for indirect, special, incidental or consequential damages arising from the use of this information.
